Subject: City of Maquoketa TBA Application

Good morning DeAndre, Mary, and John,

The City of Maquoketa, IA submitted a Targeted Brownfields Assessment (TBA) application to EPA for the Clinton Engines and Museums sites. The application requests assistance with installing a groundwater monitoring network to track chlorinated solvent contamination. SEMD is currently conducting a removal assessment regarding vapor intrusion for this area.

Ex. 5 Deliberative Process (DP)

Please let me know by COB today, February 3 if you have concerns or want to proceed differently. Otherwise, I will send an email Counsel and I wrote to the City of Maquoketa.

Thank you,

Lisa Dunning
